Recycle Man is going to need some help during March. He will be gone from park nearly the entire month and needs a willing and able person or 2 to fill in for him. Oh, don’t worry, you won’t need to buy a green costume, you just need to attend to a few items on a regular basis. Anyone who would like to aide our recycling program for an hour or so every other day could help in a lot of ways. Please contact Jan Miller our Activities Director if you are interested, or you can call Recycle Man directly on his secret line at 2315. Proper tools will be furnished.

**Recycling Employment vs. Coal Mining**

You realize, of course, that civilization moved beyond the stone age despite there being no shortage of stone. We don’t have to stay dependent on coal and oil. We can move to clean fuels with new technology. Recycling is part of that technology conserving energy and resources by reusing materials over and over again. In 2016 in the USA there were 757,000 jobs related to recycling and only 51,000 jobs involving coal mining. In Canada for the same time period there were 85,000 jobs in the recycling industry and only 25,000 coal mining jobs. Now tell me where the future lies. Dirty, polluting coal or reuse of materials with much lower levels of pollution. We don’t have to run out of coal to quit using it. Waste is a problem requiring dump sites that are non-polluting and expensive to maintain and operate with no profitable return. Recycled materials are a resource providing raw materials for further manufacturing.

**New Recycling Plant for RAD**

Our recycling company, RAD, has built a new processing plant nearly in our “back yard”. They are located on Baseline Road, only a couple of miles from us. This means that hauling our material is much less expensive now and it may help keep our recycling fees low. Just for fun, drop in and see the new sorting operations for a new and thrilling experience. Try to do it right.

Golden Vista Memorial Committee
The purpose of the Memorial Committee is to provide a means through which you can remember in loving memory the past residents that have contributed to the community at Golden Vista Resort. Monetary memorials are to be made at the front office of Golden Vista Resort. These donations are used for projects that will continue to improve the quality of living we enjoy here in the resort. Any purchase requests are subject to review and must meet the criteria: “Long Lasting, Benefits the Resort, and Tangible” set by the Memorial Committee. The requests are then forwarded to the Resort Manager for approval. Memorials are acknowledged in the memory book that is located in the main lobby of the office complex. A memory page is created in honor of the resident as donations are received. If a memory page already exists, it is then updated to reflect the current memorials. Letters of appreciation and acknowledgement are sent to the donors and family members.

For the 2019 Season your memorial funds were contributed to:
* Donation to Sewing/Quilt Room * Donation to Computer Club * 2 Quilt Rails and Bright Pad for Sewing/Quilt Room * Memorial Bench and Donation to Pet Club * Memorial Bench in Pet Park * Icicle Lights for the Main Resort Building * Donation to Angel Tree * Donation of a Brick and Rose Bush in Rose Garden.

Memorial Committee Members are: Pam Griswold – Chairman Lot 165, Carolyn King – Secretary Lot 332, Ellyn Forbeck Lot 171, Sandy Arrighi Lot 1061, Carol DeCorte Lot 481, Judy McCarthy - Bookkeeper, and Christy Lang – Resort Manager.
Shuffleboard Club

The Shuffleboard season is winding down with out-of-park league team standings somewhat determined in their respective leagues, Sat. league concluding on Mar. 7th, Mon. night mixed doubles league concluding on Mar 2nd, Jack Pot play continuing on until the end of Mar, and a few more out-of-park tournaments still available for registration.

Golden Vista had 5 teams playing against out-of-park competition in the District IV (Apache Junction area). Respective league playoff teams will have been determined by mid Feb and District IV team champions playoffs concluded by Feb 26th. League banquets have all been set for this concluding season with the Scorpion and Superstition league banquets here at GV and ironically these two teams represented their leagues in the District IV league playoffs of nine league championship teams.

The Sat League organized by Moe Bachmeier and assisted by Don Gunnarson is completing their schedule on Mar 7th. 60 players competed this year on 10 teams for the coveted rock clocks provided by our Lapidary Club. New this year is a system to match experienced players in play, and newer players against newer players. This method of matching players has made for much better matches and thus more fun by all. Our Sat league welcomes ALL players newish and mature. This is your best opportunity to meet and compete with fellow in-park shuffleboard members for fun & competition, so please plan on joining in on this activity next season. A sign-up sheet for the 2021 season will be posted at the courts on conclusion of this year’s schedule. Our organizing team strongly recommends that you sign up ASAP and hopefully before Jan 1st, 2021. In order to make this a fun experience again, we must create balanced teams in this league. Please contact any member to place your name on the list if you think you might be late arriving next year.

Our weekday “Jackpot Shuffleboard” will continue throughout Mar. New players are still most welcome to play. Bring your 10¢ to the 9:00 start. Check the bulletin board as we also try to match new players against each other in Jackpot play. Beginner lessons that are offered by the club attracted numerous new players. Court courtesy, scoring and basic strategy on an active board are discussed. Beginner Jackpot is also offered Tuesday/Friday at 9:30. This is a great way to start you shuffling this season or next. The clubs next “Fun Night” will be on Mar 14th. Mark your calendar for another great evening of fun on the Shuffleboard courts. Feb 15th was our last “Fun Night” and hopefully enjoyed by all.

Our in-park tournament will be played on Thurs/Friday evenings and Sat this year. Our organizing team are encouraging all members to sign up for this fun experience. Fill out a card and place it in the black box where we sign up for Jackpot each day. Entrance for Saturday League participants is free for active members and for others an entrance fee of $5.00 per person is needed.

Golden Vista hosted a Split-Singles Tournament Jan 13th through 15th. Rich Chouinard was the tournament Director with DeLace Rombough assisting. 96 player entries were received and documented by Gloria Toutloff. Patsy Bachmeier & Barb Carney did the charting, Karen McGee & Gina Borsa offered sub sandwich lunches and Bob & Fern Walls provided donuts & coffee daily. Lloyd Sandau & Ken Wardley solicited numerous cash vouchers & prizes from local Agencies & Businesses. Adams Agency provided funds for the trophies. GV had 7 winners this year as shown below in tournament statistics and posted on the Dist. IV website, http://www.azsaweb.com/DistrictIV.html

Come on out and support our Shuffleboard Club! The organizing team is wanting to again compliment our Shuffleboard volunteers for stepping up to the plate for these fund-raising activities and announce that the sign-up sheet will be posted in the center shack effective Mar 1st for the St Patrick’s Day lunch.

Veterans

I hope everyone has had great winter down here. I would like to thank everyone who has been supporting our Friday Hot Dog bbq. We have been having a good turnout. We will be having two more Hot Dog Fridays. March 6th and the 20th. Hope everyone can come out and enjoy a sunny Friday on the patio, these will be the last two for this year.

I want to thank all the Veterans who turned out to help us with the bbq. For those who don't know what our veterans group spends their funds on I would like to let you know. We donate to the Homeless Veterans stand down in Pinal County, the Vets Center in Apache Junction and to the Honor Flight Arizona, we also donate $25.00 in the name of our deceased veterans in our park to the Memorial Fund so they can get their name on the Memorial plaques that are out by the Flag poles. Remember if you have an old flag that needs to be disposed of just bring it by my place at 309 Emerald and I will take care of it.

It's that time of the year that some of us start to leave and go back to our summer homes, so I hope everyone has a safe trip home and an enjoyable summer.  Thank You, Joe Litzinger, Commander
As technology advances we try to keep our members informed about some of these with the speakers we have at our Wed. morning meetings. We meet each Wed. morning at 9:30am in the Mohave and Yavapai Rooms above the Library.

We recently had Dr. Ron Brown speak and he informed everyone about “Saving Your Life With Wearable Technology”. This came in handy when one of our members was rushed to the hospital. While doing treatments his BPM spiked and his phone was able to inform them exactly the time it happened so they knew it was the treatment that caused the spike. The member was so happy that he had attended this meeting and put the app on his phone. Dr. Kate often speaks at our Wed. meetings and informs us of changes and advances coming and she teaches many of the classes being offered by the Club. Some of the classes scheduled are:

- March 2 Dr. Ron Brown 10-11 AM “New Phones - What to buy & Options”
- March 5 Dr. Kate 1:30-3:30 PM “All Clouds – Cloudy Days”
- March 10 Dr. Kate 10-11 AM “New Windows 10 & Updates”

The Classes being offered are posted on our bulletin board in the Mail Hallway. Check to see what new ones have been added. All classes are FREE to Members except those being taught by an Outside Teacher. The Club membership is $20 per household.

Speakers scheduled in March at our Wednesday morning meetings are: Mar.11 Dr. Kate and Mar.18 SOS (Serving On-Line Seniors). Mar. 25 will be our END OF SEASON PARTY.

Business Cards and Labels can be ordered any Wed. before or after our meeting, at Crafters Corner, from any officer or at Lot 131. Remember to order them before you leave for the summer.

Tennis/Pickleball Club

February was a busy month of the club. We added 7 new members. Total membership is now 111. Beginner pickleball lessons are continuing each Tuesday from 4 – 5 pm. A sign-up sheet is on the bulletin board at the courts. Please sign up by the end of the day Monday if you plan to attend the lessons. Ken Baumgartner (x2824) is coordinating the tennis lessons. Call Ken if you are interested.

The club hosted its annual Spaghetti Dinner on February 25. As usual it was a sell-out. Thanks to Sylvain assisted by John Blosser for overseeing the event. Thanks also to all the club members who helped to make this event such a success.

Another February highlight was a pickleball tournament held on Feb. 1. We had 35 players and a total of 75 games were played. Thanks to Sylvain for organizing the tournament. Everyone seemed to really enjoy the day. Club is considering hosting monthly tournaments next year.

Elections for a new club president and secretary were held in the February 3 club meeting. Cathy Bengston agreed to continue as secretary for another year, with Sandy Arrighi volunteering to take over the following year. We had no volunteer for President, so that office will be open next year unless someone volunteers.

It hardly seems possible, but we are nearly at the end of the season. To celebrate, the club is planning another pickleball tournament on March 19th followed by an end of the season pizza party at 4pm. All club members are invited for pizza whether you played in the tournament or not.

FITNESS CLUB: We have really worked hard this season and are finally able to order our new treadmill! Our final barbecue is March 18th. We still need more volunteers particularly if we are going to continue to supplement our menu with chicken salads. They seem to be quite popular. We also are in need of people to donate cakes. Please consider getting a food handlers license as we are always short of volunteers and the barbecue is a large undertaking each month. Bill Arrighi will be taking over as President next season. Thank you Bill for stepping up to the task! We look forward to working with you. Thanks to all of you who have helped out to make our season a success!

STAINED GLASS CLUB

Many thanks to everyone who supported our Super Bowl fundraiser. Our club members worked well together preparing food, providing desserts, and serving the food. We appreciated Jan Miller for coordinating the great menu which was a super hit.

Stained glass classes started February 17th. The sign up sheets are on the bulletin board and clipboard across from the mail boxes. Come join the fun and create a piece of art. Our groups will be visiting other resorts to view their stained glass clubs. Look for our table displaying stained glass pieces at Crafters Corner and Artisans night. Come visit us. Members will be available to answer questions and share information about our club.

Winners of the Super Bowl pool were Ed Mueller who won the 1/2 and 3/4 game and Bob Strong won for the final score. Thanks to all who participated in the fun day.
NEWS FROM LANDSCAPE COMMITTEE

Greetings from your Golden Vista gardeners!

Our landscape picnic to treat the volunteers who plant flowers, maintain the flower beds, tend the rose garden, and plant and harvest vegetables for the food bank is scheduled for Mar 15 from 3 – 6 PM in the Apache Room. It’s our way of saying Thank You! for all your hard work over the season. We continue to receive donations of plants and cacti and give them new homes in the resort. As ever, we’re grateful for the opportunity to save plants that might otherwise end up in the landfill.

We’ve had our first vegetable harvest and hope with nicer weather we’ll be taking produce to the food bank on a weekly basis. Looking ahead to next season, flower planting day is tentatively set for Nov 4th at 7am. That’s all the news for now!

NEWS FROM YOUR GV CONSERVATION COMMITTEE

Here are some numbers from our utilities. Our water use for FY2019 is about the same as last year (about 6m gallons less than 5 years ago). Our electrical use for our last fiscal year was down again for the second year in a row (16,947kWh). Our propane use was up again this year, mostly due to the solar pre-heat system being down. It was repaired a few weeks ago so we should start using less propane. Some residents have had trouble with someone turning their water on by mistake while they are gone over the summer. One solution is to take your handle off your faucet when you leave. Or you could disconnect your water line when you leave. Your summer caretaker could also take the handle off and turn the water on as needed. If you think your ductwork under the park model has loose connections, there is a company that has been working in our resort that will pressurize your system to determine how much air loss you have. Then they seal the connections and test it again. Their price is very reasonable because of the SRP rebate and they specialize in park models. Ecosal is the name of the company. The last couple of years we’ve had a problem with the water quality of our two pools and spa. There have been issues with cloudy water, strong chemical smells, body rash, itching and cool temperatures. If you use the pools and spa and you notice that there is a problem with the water, you should go to the office and fill out a work order so that Christy, our manager, and our maintenance workers will know that there is a problem. Also, if you see water flowing down the street or a wet spot that is not normaly wet, please go to the office and fill out a work order so someone can be sent out to fix the problem. The weather is warming up now so we can enjoy our pools and other activities in our resort.

RESTORATIVE YOGA and SOUND MEDITATION

Sunday, Mar 22. 2020 from 4-5:30PM $20 paid at activities office

RESTORATIVE YOGA is a practice that is all about slowing down and opening your body through passive stretching. During the longer holds of restorative yoga, your muscles are allowed to relax deeply. It’s a unique feeling because props, rather than your muscles are used to support your body. Doing this yoga at the end of the day may help you to relax and fall asleep and stay asleep. (30 minutes)

SOUND MEDITATION is used to bring about physical, mental, emotional and spiritual changes using various sounds. It can take many forms such as Gong, Crystal Healing Bowls, Chimes, Drums and more! The vibration of the sound resonates deeply in the body, allowing for subtle shifts and changes to occur, bringing the body into a space of balance and healing. (1 hour)

Please come 10 minutes early to set up. Bring your mat, blanket, blocks, pillow, towel or any prop which will enhance your relaxation. You do not have to be flexible to enjoy the benefits of restorative yoga/sound meditation.
The Golden Vista Hiking Clubs are in full swing and getting into better shape hiking every Tuesday, Wed. & Thursday. Come join us and explore Arizona’s beautiful natural beauty. “Summer-izing” your Park Model before you leave for the summer

• **Caretaker:** Engage someone who is here during the summer to check on the Park Model while you are gone.

• **Electricity:** If you leave your electricity on SRP charges a minimum monthly charge. If you cancel your service you will pay a reconnection fee when you turn it on again but it is much less than the monthly minimum charge.

• **Water:** Water should be shut off at the riser before leaving to ensure no leaks or floods occur.

• **Refrigerator:** If the interior is clean and odor free place baking soda boxes designed for refrigerators in the freezer and refrigerator and leave the door closed. You can store temperature sensitive items in freezer if you do not take the home see below). Leaving the door closed helps the door gasket retain their shape and elasticity. If you feel odors may be a problem you can prop the doors open until your return.

• **Water heater:** The circuit breaker to the water heater should be off to prevent burn out of the element if sufficient water is not in the water heater.

• **Water fixtures and drains:** All water fixtures should be shut off and drains filled with RV antifreeze and drain plugs installed to prevent sewer gasses inside during the summer.

• **Food storage:** It is best to take all food back with you or donate to the local food bank. Any foodstuffs or spices that are left should be in air tight containers to prevent ants and other critters from being attracted. If you have secure storage under your Park Model it is about ten degrees cooler during the summer and would be better for storage of foodstuffs and spices.

• **Weeds:** Treat for weeds with a product such as Ground Clear just prior to leaving and have caretaker check for weeds over the summer.

• **Sun Control:** To prevent sun bleaching of contents and maintain a lower inside temperature all windows and glass doors should be covered.

• **Humidity:** Low summer humidity is the enemy of all wood and some other products in your Park Model. Leaving containers of water inside that can be refilled by your caretaker will prevent deterioration caused by low humidity.

• **Batteries:** All batteries (Smoke alarm, doorbell, cordless phone, remote temperature sensors, etc.) loose voltage as temperature increases. Either remove them and take them with you (Including spares) or place them in a sealed container in your park model freezer if you turn off the refrigerator.

• **Cordless Phones:** One of the biggest problems with phone service when you return is dead batteries in the phone (see above). Consider taking the batteries and a charger back with you so you phone will work correctly when you return.

Please return the room keys you have checked out before you go home for summer.

**FYI:** Concert/Supper Club dates will go on sale around August 1st. Watch for details in summer newsletter & on the website: goldenvistaresort.com

If you have plants that you don’t want to throw away when you leave, contact the activities office and we’ll try to find a home for them.

**Before you leave remember to stop your subscription to the Arizona Republic Newspaper**

Remember to give the front office your e-mail address so you will receive news while you are away.
